

# KMS Leadership Safety and Accountability Contract

Leadership plays a critical role at Kopachuck Middle School. With that in mind, leadership must assume responsibility for their behavior and attitude while serving in our school this trimester. Below are accountability expectations that must be followed while completing tasks throughout our building and campus during class time.

1. Leadership students must sign out and in on the designated clipboard when leaving and reentering the classroom.
2. Students must report to and stay in the area where the task is to be completed. Upon completion of the task, students are to return immediately to class.
3. Leadership students must engage in appropriate language, conversations and volume while working in our school community.
4. Students are responsible for cleaning up their workstations and returning all materials to their designated area.
5. Leadership students must be respectful and attentive to staff members in the building, being courteous and conscientious at all times.
6. In case of an emergency or drill, students outside the classroom will report to the nearest classroom for emergency instructions.

I, \_\_\_\_\_, **have read and understand the safety and accountability expectations for this leadership contract. I realize that if I do not adhere to these expectations, I may lose my leadership privileges.**
